President's Corner

March is the last chance to pay your dues. Make the check out to Lona Leist.

Some of you know I had emergency surgery on February 14th. My bowel had a hole in it and was dumping into my body. They could not repair the hole so they had to take a section out and sew it back together. I had to stay in the hospital for 5 days. While they were in my they found some cancer cells. I will have a bone test Thursday, March 15th and a C-scan on March 21st to see what kind of cancer they are treating. The thing that I am praying for is that it is not an aggressive kind of cancer. I'm not even thinking about that kind. I am asking for your prayers that I won't have to go through a lot of treatment. I will have to have chemo and radiation therapy according to the doctor – so with a lot of prayers and some other forms of nutrients, I think I can whip this.

Even with Deyton and my problems, we will still have the "Shootout". I am still buying silver for the club at 5-times face. I see that gold and silver went down this weekend. Don't forget to sign in at the meetings.

You new members be sure to ask Bill Shackelford about the challenge program. We need to remember our people that need your prayers and cards and calls.

If you have something for sale – let me know and I will put it in the newsletter.

If we have not seen your smiling face for a while, we have missed you. Come to the meeting and bring a stranger.

Secretary's Report - Chuck Hosbein

The January meeting of the Central Florida Metal Detecting club was called to order at 7:30 pm by President, Ray Leist. Ray opened the meeting by reading a note about the Pledge of Allegiance. Gene Crovella then led the club in the Pledge of Allegiance. We had no flag at the meeting.

Our joke of the month was about a husband and wife getting ready for bed. She looked in the mirror and complained about getting old. The husband said there was nothing wrong with her eyesight.

We had several guests at the meeting for February. They were recognized and received silver quarters from the club. We had three new members join the club. Our new members are Richard Jarvis and Joe and Joanne Keeley.

Secretary and Treasurer's reports were read and accepted.

Ray noted that there were lots of great finds on the tables again. He also noted that Bill Green's donation of over 18,400 pennies to the club that he dug last year.

Ray also informed the members of a beach hunt on Sunday, February 11th. The hunt will take place south of 27th street in New Smyrna off Hines ave. The hunt will be a planted key hunt. It will begin at 10 am.

The Great Southern Beach Shootout is scheduled for April 27-29th. There will be a free kids hunt on Saturday afternoon. Kellyco will have a free hunt on Friday at 5 pm.

Lorrie Sprigg noted that Jim Robinson gave her three class rings to see if she could help find the owners. She was able to locate them and the rings will be returned. She also received one from Doug Melvin.

Ray noted that he would like to have some hunts during the week because some places are booked for the weekends. He asked the club if anyone would be interested and received a favorable response. He will have more information later.

Jerry Hitson noted that the club's web site is about maxed out on it's bandwidth. In order to increase it the

cost to the club would be about \$60 a year. The club voted for it.

Ray and Bill are still looking for ideas for a club display. If you have any ideas, see Bill.

Roland noted that he and Gene were invited to an award ceremony by the Orlando Police.

Ray reminded the guy's at that meeting to remember February 14th.

Ray said that he is not getting all of the "find of the month" slips and some were not signed.

Ray thanked all the volunteers for their help and also thanked Donna for her cupcakes.

Bank night drawing was #3 - Ralph Flippo. He was not present and it will be \$35 next month.

The meeting adjourned at 9 pm.

The next meeting will be March 9th. Don't forget!

Riddle for the Month

What is greater than god, more evil than the devil,
the poor have it, the rich need it, and if you eat it
you will eventually die?

Answer at the end of page 5

Tip of the Month

Don't coil the cable from the control box down to the search coil. Instead, tape the cable in a single line up the shaft to a point above the collapsible joint. Start the coil from there. As you swing the coil from side to side, a loose cable coiled around the shaft, and near the search coil, can give false signals.
