## President's Corner

Hi everybody:

Boy has this year gone by in a hurry. I haven't been able to hunt much but I think when it gets a little cooler I will try it. Really have missed going out.

Everyone needs to start thinking about the elections. The nominations will be in November. The following pertains to the election.

**THERE ARE SOME RULES IN THE NEWSLETTER YOU NEED TO READ. ALSO THERE ARE THE DUTIES OF THE PRESIDENT AND THE SECRETARY. CHUCK HAS SAID THAT HE WOULD DO THE TREASURERS JOB SO WE NEED A SECRETARY.**

You should read this before we have nominations in NOVEMBER.

If you are going to nominate some one make sure they are in agreement. After nominations then we will have the elections in December.

Also we will need someone to do the Half/Half and Bank Night for next year. Make sure that the person is in agreement before you nominate them.

We did NOT have the OLD TOWN HUNT IN SEPTEMBER. Some have said the weather is still too hot. We will have this later on.

Please remember those in need of prayer especially our troops and our COUNTRY. We are in for some rough times if things don't CHANGE.

Keep checking out our web page. Jerry Hitson is doing a great job of putting it together. A lot of the shoot out pics will be there. Lorrie Sprigg is doing a super job as our new activity director and if you have any ideas she would appreciate it very much. She has something lined up for October. Lets all think of some thing we can do to help.

I am **NOT** buying any more silver as of now. I have enough for the rest of the year and silver is getting higher.

**WE ARE COLLETING CLUB DUES FOR 2010.**

You need to check with Bill Shackelford for the Challengers Program. It is a very good way to get you started hunting for good items.

We have more members that are qualifying for the Hall of Fame. If you find an item and return it to its owner you will have your picture taken and be entered into the Hall of Fame.

We are considering a different shelter for our food items. We will let you know.

We are still having new members every month. And if you see someone that looks new, speak to them and make them feel welcome.

If we have not seen your smiling face for awhile, we have missed you, then come to the meeting and bring a stranger. President Ray Leist

### Secretary's Report - Chuck Hosbein

The September meeting of the Central Florida Metal Detecting Club was called to order at 7:30 by the club's president, Ray Leist. The meeting was opened with the Pledge of Allegiance led by Bill Green.

Bill Shackelford gave a prayer for those who died on 9/11.

The joke of the month was about fart football.

We had a few guests at the meeting. They were recognized and received gold dollars from the club.

Ray noted that the annual club picnic and hunt would be held in October at Sylvan Lake Park. Details are available in the club newsletter. Ray asked that if anyone has tables, please bring them to the picnic.

Lorrie discussed the theme for the October meeting. The theme will be the Old West. Be sure to wear your best cowboy, outlaw, or Wild West costume. More information was available in the club newsletter. Lorrie also had a contest to identify a group of famous outlaws from their pictures.

Ray gave an award to Jerry Hitson for finding and returning a ring. He also gave awards to Roland for finding and returning "those bloody keys" as well as finding and returning a ring.

Nominations are due for club officers in November. Elections will be held in December. The club president and Treasurer positions will be open. Ray asked for a nominations committee and asked George Case, Lorrie Sprigg, and Betty Shackelford to be on the committee.

**Do you hunt cemeteries?**

*Did you know?*

England is old and small and the local folks started running out of places to bury people. So they would dig up coffins and would take the bones to a "bone-house" and reuse the grave. When reopening these coffins, 1 out of 25 coffins were found to have scratch marks on the inside and they realized they had been burying people alive. So they thought they would tie a string on the wrist of the corpse, lead it through the coffin and up through the ground and tie it to a bell. Someone would have to sit out in the graveyard all night (the "graveyard shift") to listen for the bell; thus, someone could be "saved by the bell" or was considered a "dead ringer." So if you hunt cemeteries and you hear a bell.....

## **BAD DAY....**

**You know you are having a bad day metal detecting when...**

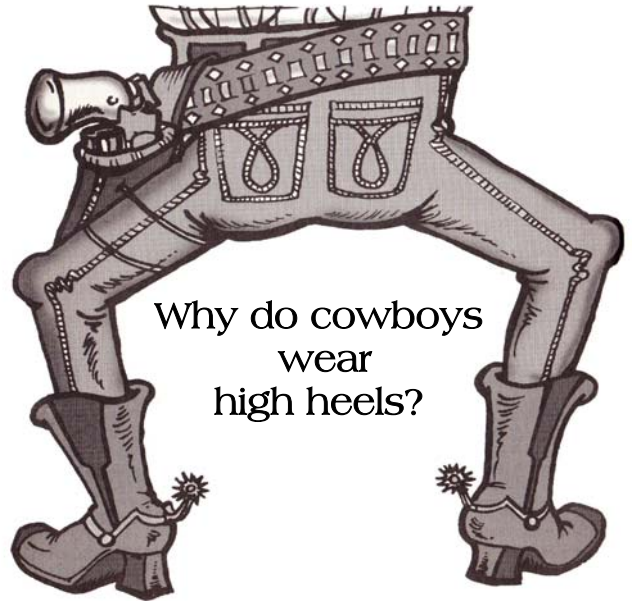

You change batteries 6 times in your non ID detector before you realize the batteries are ok - you just left the jack reducer for the headphones in the machine when you unplugged your headphones the last hunt so you wouldn't lose the reducer

You get to your hunt area only to find you left your scoop at home; sure is more tiring when you have to search the beach with a screwdriver and a little gardening shovel.

You start swinging your coil real wide just to keep kids far enough away so you to hunt.

## **DID YOU EVER WONDER...**

Believe it or not, it has nothing to do with being macho. Cowboy boots are made that way to keep the boot from slipping through the stirrup of a saddle. And the stitching on the sides isn't merely decorative: It helps to strengthen the boot and give it extra wear.

High heel shoes originated hundreds of years ago with men who rode by the general populace for one reason and one reason only: to keep people's feet out of muck, whether it was a gentleman walking to his carriage or a butcher slogging through blood. In the 18<sup>th</sup> century, as drainage improved, men gave up wearing high heels altogether. Women continued to wear them, largely for the extra height it gave them.
