### Note From the President:

First, let me apologize for the newsletter last month with all the incorrect information. I am trying to do better this month but please let me know if anything is incorrect.

Well we made it to September and the weather should be starting to cool down a bit. The weatherman says that September 10th is the height of our hurricane season but we have not had one yet this year. Hopefully it stays that way!

We are starting back to our monthly hunts this month and are planning the September hunt now. Please be at the meeting Friday to get the location and times. The hunt will be Saturday September 20th.

The club is getting more exposure on Facebook and maybe the local media with all the recoveries. Our members are the best and that is what our club is all about, helping the community and others!

I want to personally thank all of the members that are doing recoveries for members of the community. It is something that we love hearing about and want you to share your story with the club members while at the meeting. Please let us know if you have found any lost items so we can recognize you at the meeting.

See you at the Meeting!

Randy
